

SMART FACTORIES

EXPO | WEST AFRICA

2 - 4 AUGUST 2018

PROVIDENCE EVENT & FUNCTION VENUE
ACCRA, GHANA

Co-located with:

Organised by:

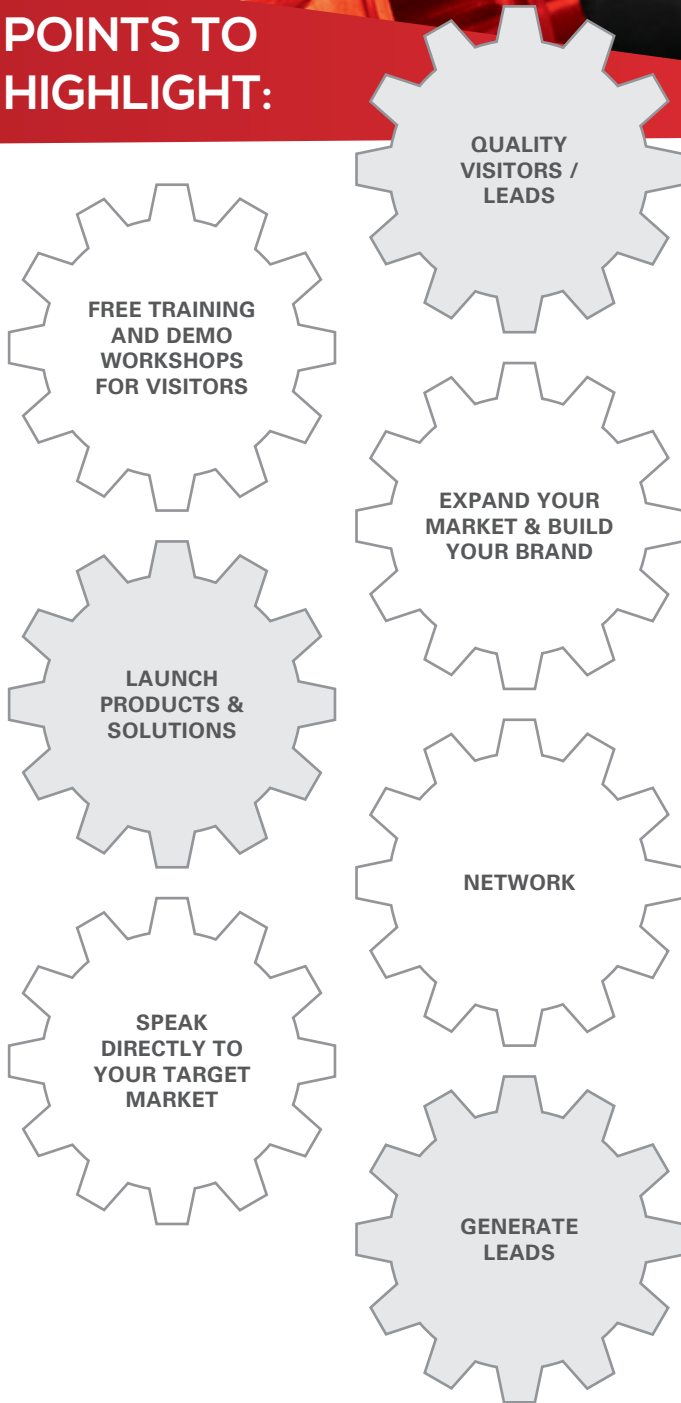

SMARTFactories Expo, Ghana, is the first of its kind and the launch edition in 2018 will be co-located with Value Added Agriculture Ghana.

SMARTFactories will bridge the gap between the developing manufacturing enterprises in West Africa and original equipment manufacturing enterprises. The show will bring together technologies and products related to smart factories such as factory automation technologies, industrial automation & control technologies, IoT / M2M solutions, industrial robots, green energy solutions and factory equipment.

POINTS TO HIGHLIGHT:

WHO SHOULD EXHIBIT

IoT.M2M Solutions

- Cloud/Edge computing
- Security
- Big data communication devices etc

FA/Industrial Robots

- Industrial robots
- Control equipment (sensors, switches)
- AI and semiconductors etc

System/Software for manufacturer

- ERP
- PLM/PDM
- MES
- SCADA
- Production scheduling system etc

Factory Facilities /Equipment

- Carrier devices/AGVs
- Conveyers
- Compressors
- Tools etc

VISITOR PROFILE

Job Division

- Manufacturing
- Information system
- Management
- R&D
- Maintenance
- Production
- Production Management
- Planning
- Purchase/Procurement
- Construction
- Quality control
- Plant/Facility Management
- Development
- Testing Analysis

Industry

- Automotive
- Heavy Industry
- Chemical
- Medical
- Precision apparatus
- Electronics
- Aircraft/Aerospace
- Robot
- New Energy
- Machinery

EXHIBITION STAND PACKAGE

6sqm (3m x 2m) Package stand

Including: Shell scheme, plug point, fascia board, light, aircon, 2 x chairs and 1 x table, 1 x 32inch LCD TV, 1 x brochure holder, 1 x pull up banner (artwork to be supplied by exhibitor)

TOTAL COST
R31 000 ex vat
